## Who we are:

The international network “No to War – No to NATO” was founded in autumn 2008 to prepare actions against the NATO summit in Strasbourg /Kehl in April 2009. We appealed to all people, to come to Strasbourg, Kehl and Baden-Baden 2009 and to protest against NATO’s aggressive military and nuclear policies, as well as to support our vision of a world just free of war.

Our work began with the Stuttgart Appeal, which aimed to mobilize a counter-summit, as well as a demonstration and signs of civil disobedience against the new global NATO strategy. Because the new NATO strategy threatens hundreds of thousands, even millions of people, as well as the environment. It prevents the demilitarization of international politics and obstructs the development of solutions for global challenges.

## What we do:

Since **Strasburg 2009** we were present at all NATO Summits and organized our thematical conferences and demonstrations.

In **Lisboa 2010** we acted against the militarization of the EU as a NATO subordinate institution and its aggressive politics.

In **Chicago 2012** we fought for the withdraw of the foreign troops in Afghanistan and for its disarmament.

In **Wales 2014** we campaigned against the increase of military budgets up to 2% of the GDP and the modernization of nuclear weapons. We demanded the worldwide military expenditures of 1.8 Trillion Dollar to be spent for the realization of our vision of a world without war, as well as for supporting the concept of common security and civil conflict solutions as alternatives to NATO’s war politics. Also, the civil organizations and structures, such as the UN and OSCE, have to be strengthened.

In **Warsaw 2016** we organized a conference “No to War - No to Militarism - Yes to Refugees”. This aimed to protest the expansion of NATO to Eastern Europe and the basing of the so-called missiles defence systems in Poland and Rumania. With the slogan “Money for starving people, not for tanks” our demonstration marched through Warsaw to the US embassy and than to the NATO summit place.

In **Brussels 2017** we supported the international demonstration “Trump not Welcome” with our “No to war – no to NATO” demand. We also organized an international counter-summit, prepared non-violent actions and were running a peace camp.

In **Brussels 2018** we were part of the international demonstration “Stop NATO 2018 – Make Peace Great Again” and conducted an international counter-summit to protest the 2% aim of NATO.

**Nein zur NATO**      **No to War**      **No a la OTAN**  
**No a la guerra**      **No to NATO**      **Nein zum Krieg**  
**No à la guerre**      **Non à l'OTAN**

**In Washington D.C. 2019** we were part of the international demonstration against the 70<sup>th</sup> anniversary of NATO, conducted a counter-summit and promoted **global days of action in the cities of NATO member states**.

**In London 2019** we are part of the international demonstration “No to Trump – No to NATO” and conduct the counter-summit “The New World Disorder”.

Besides the counter-summits, civil disobedience actions around the NATO summits we prepared two international conferences for **Peace in Afghanistan**, and a seminar “**NATO and the Global South**” in Argentina. We organized workshops on multiple social movement events, such as the European Social Forum in Istanbul, the World Social Forum in Tunis 2012 and the Peace Event in Sarajevo 2014.

We participated in the **anti-nuclear activities in November 2014 in Vienna** and at the **NPT review conference 2015 in New York** and conducted side events. We also supported the Peace & Planet conference and mobilized to their demonstration in New York City.

To support the host countries, Sweden and Finland, we organized a conference on the topic “**The High North**” to discuss militarization and strategic interests, including in the Arctic sea. (September 4<sup>th</sup>+5<sup>th</sup> in **Helsinki 2015**).

**In May 2016 in Gothenburg** we organized a two-day seminar about **European Security Policy with a focus on EU and NATO**. With this seminar, we aimed to show a sign of rejection for the European militarization, as well as closer cooperation between Sweden and NATO (Host Nation Support Agreement).

In 2017 we were active on the **anti-G20 summit campaigns in Hamburg**: we participated at the “**For Global Solidarity**” summit as speakers and at the demonstration “**Solidarity without Borders instead G20**” with a peace truck, as well as at the “**SAY NO TO NATO**” - women T-Shirt action.

Once a year we come together at our **annual meeting** to discuss further actions. At these annual meetings, our International Coordinating Committee (ICC) is reelected. It fulfills the role of executive body of our network. The ICC members communicate on activities, statements and actions of support via e-mail, telephone-conferences, and face-to-face meetings.

In all our activities we include a feminist perspective on NATO and peace, as well as different consternation of women and men. We will continue to promote feminist perspective discussions about NATO, as well as about war and peace.

We increase our efforts to gain members, particularly in countries (whether affiliated by NATO or not), in which we do not have extensive contacts working on NATO or on questions of war and peace. We aim at delegitimizing NATO by highlighting its militarism and warmongering, discussing and promoting alternatives and by demanding to overcome NATO once and for all.

## Stuttgart Appeal: No to War – No to NATO

This appeal was developed and agreed on the preparatory meeting for the activities against the 60 years celebrations of NATO in Stuttgart, on the October 5<sup>th</sup>, in 2008. All signatures/supporters form the international network “No to war – no to NATO”.

On the occasion of the sixtieth anniversary of the NATO military organization, we appeal to all people to come to Strasbourg and Baden-Baden 2009, to protest against NATO's aggressive military and nuclear policies, and assert our vision of a just world free of war.

NATO is an increasing obstacle to achieving world peace. Since the end of the Cold War, NATO has reinvented itself as a tool for military action by the “international community”, including the promotion of the so-called “war on terror”. In reality it is a vehicle for US-led use of force with military bases on all continents, bypassing the United Nations and the system of international law, accelerating militarization and escalating arms expenditure – NATO countries account for 75% of global military expenditure. Pursuing that expansionist agenda since 1991, designed to advance strategic and resource interests, NATO has waged war in the Balkans, under the guise of so-called “humanitarian war”, and has waged seven years of brutal war in Afghanistan, where the tragic situation is escalating and the war has expanded into Pakistan.

In Europe NATO is worsening tensions, feeding the arms race with so-called “missile defense”, a massive nuclear arsenal and a nuclear first strike policy. EU policy is increasingly tied to NATO. NATO's ongoing and potential expansion into Eastern Europe and beyond and its “out of area” operations are making the world a more dangerous place. The conflict in the Caucasus is a clear indication of the dangers. Each advance of the NATO border increases the possibility of war, including the use of nuclear weapons.

To achieve our vision of a peaceful world, we reject military responses to global and regional crises – these are part of the problem not part of the solution. We refuse to live under the terror of nuclear weapons, and reject a new arms race. We must decrease military expenditure – directing resources instead to meeting human needs. We must close down all foreign military bases. We oppose all military structures used for military intervention. We must democratize and demilitarize the relations between peoples and establish new forms of peaceful cooperation to build a more secure and just world.

**No to War**  
**No à la guerre**

**No a la OTAN**  
**Nein zum Krieg**

We call on you to spread this message in your communities and movements to make this vision a reality. We believe that a world of peace is possible.
